SportNex

For clubs

FEWER SPREADSHEETS.
MORE FOOTBALL.

Invoices, attendance and communication with parents in one app. The admin stops chasing chats, the coach goes out to the pitch.

Sound familiar?

ONE TRAINING SESSION, TEN MESSAGES

Who is coming on Friday?

Send me the payment details again

We paid for October, please check

Was training moved? Where to?

Typical messages from club chats

Idea

THE SYSTEM COUNTS.
PEOPLE COACH.

ONE APP. THREE ROLES.

Club admin

EVERYTHING UNDER CONTROL

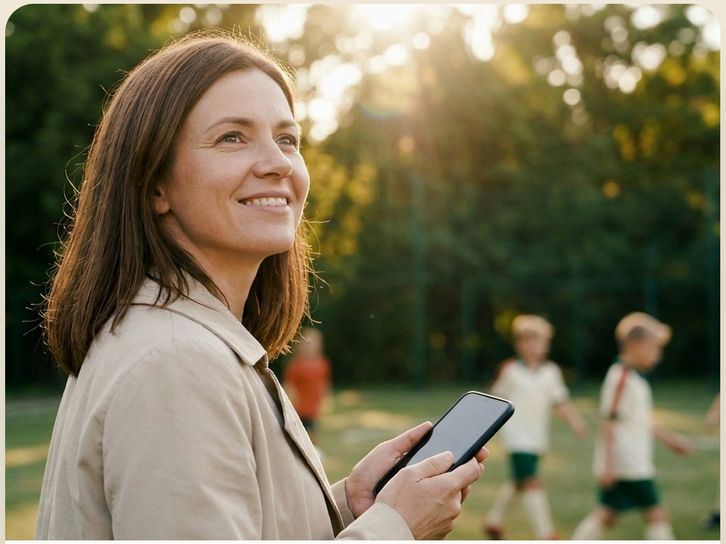

Teams, invoices, payments, reports. The system does the routine.

Coach

ONLY FOOTBALL

Schedule, attendance, squads. Parents are kept informed automatically.

Parent

EVERYTHING ABOUT YOUR CHILD

When training is, how much to pay, what the coach wrote.

For the club admin

THE SYSTEM DOES THE ROUTINE

Membership invoices issue themselves

On the 1st of every month, the parent gets a notification

Tournament fee: add to the squad and the invoice is ready

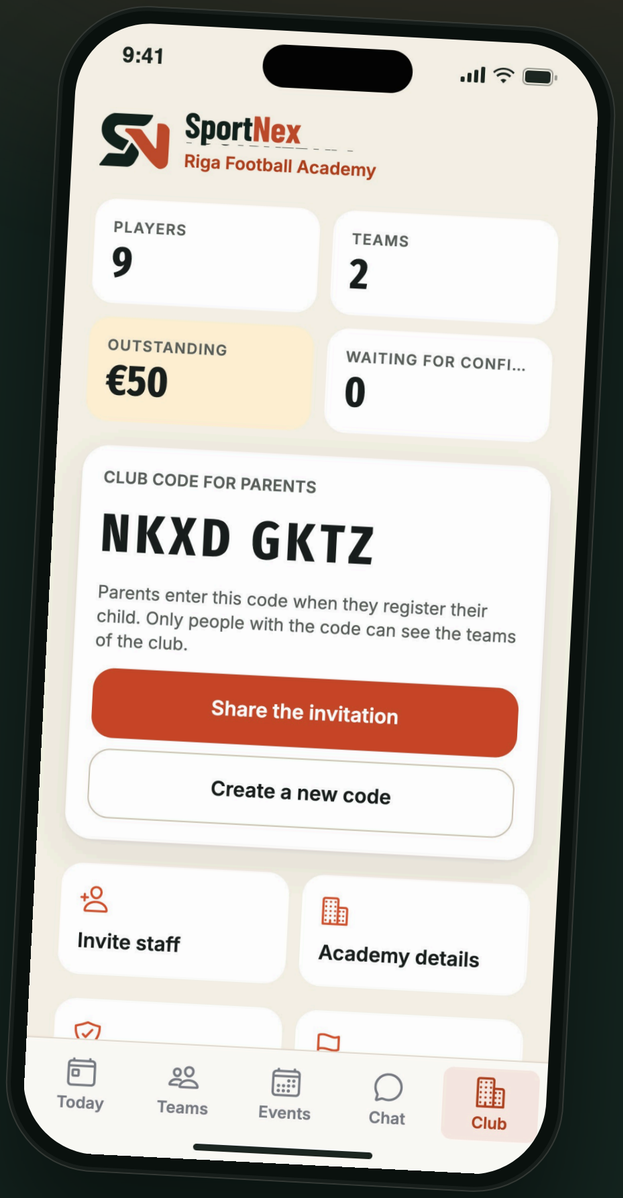

No separate messages or reminders

Payment by IBAN and QR right in the invoice

Invoice numbering is kept automatically

Excel for the accountant in two taps

The list of overdue payers is on one screen

What happens at the start of the month

FROM THE 1ST TO PAYMENT, WITHOUT YOU

01

Invoices

The system issues them for every player

02

Notification

The parent immediately sees the amount and the deadline

03

Payment

IBAN, payment reference and QR in the invoice

04

Mark as paid

The club marks paid invoices

05

Report

Excel for the period and the list of overdue payers

For the coach

THE COACH FOCUSES ON FOOTBALL

Attendance is visible before training

Parents reply with one tap, answers collect themselves

Tournament squads: A, B, C and starters

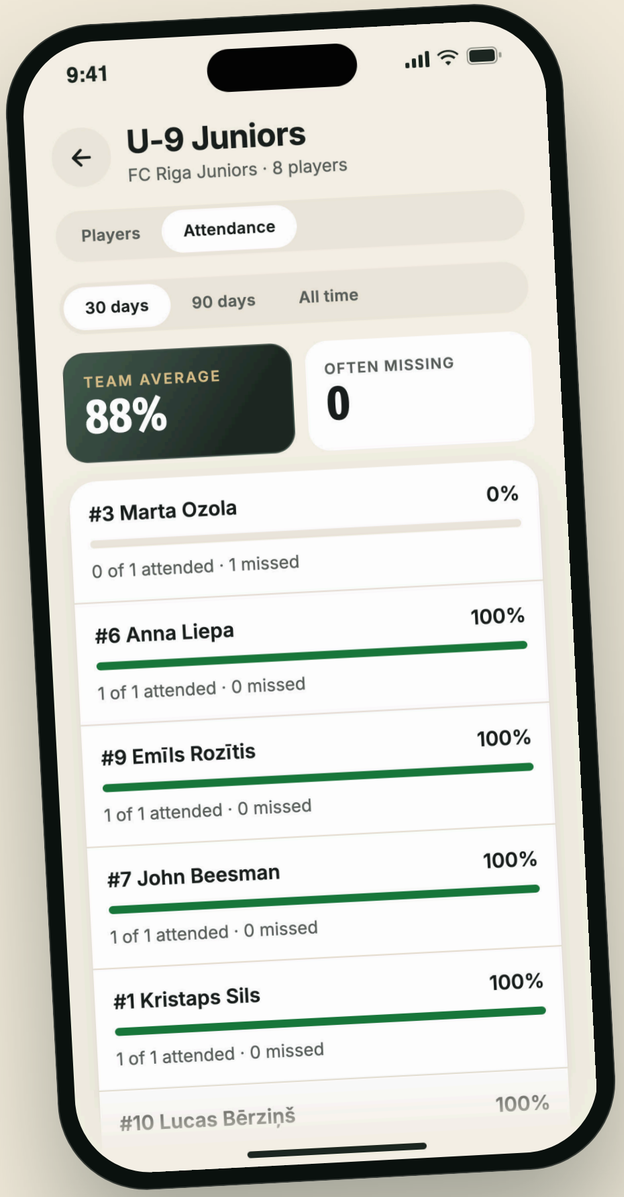

Publish it and parents see who is in which squad

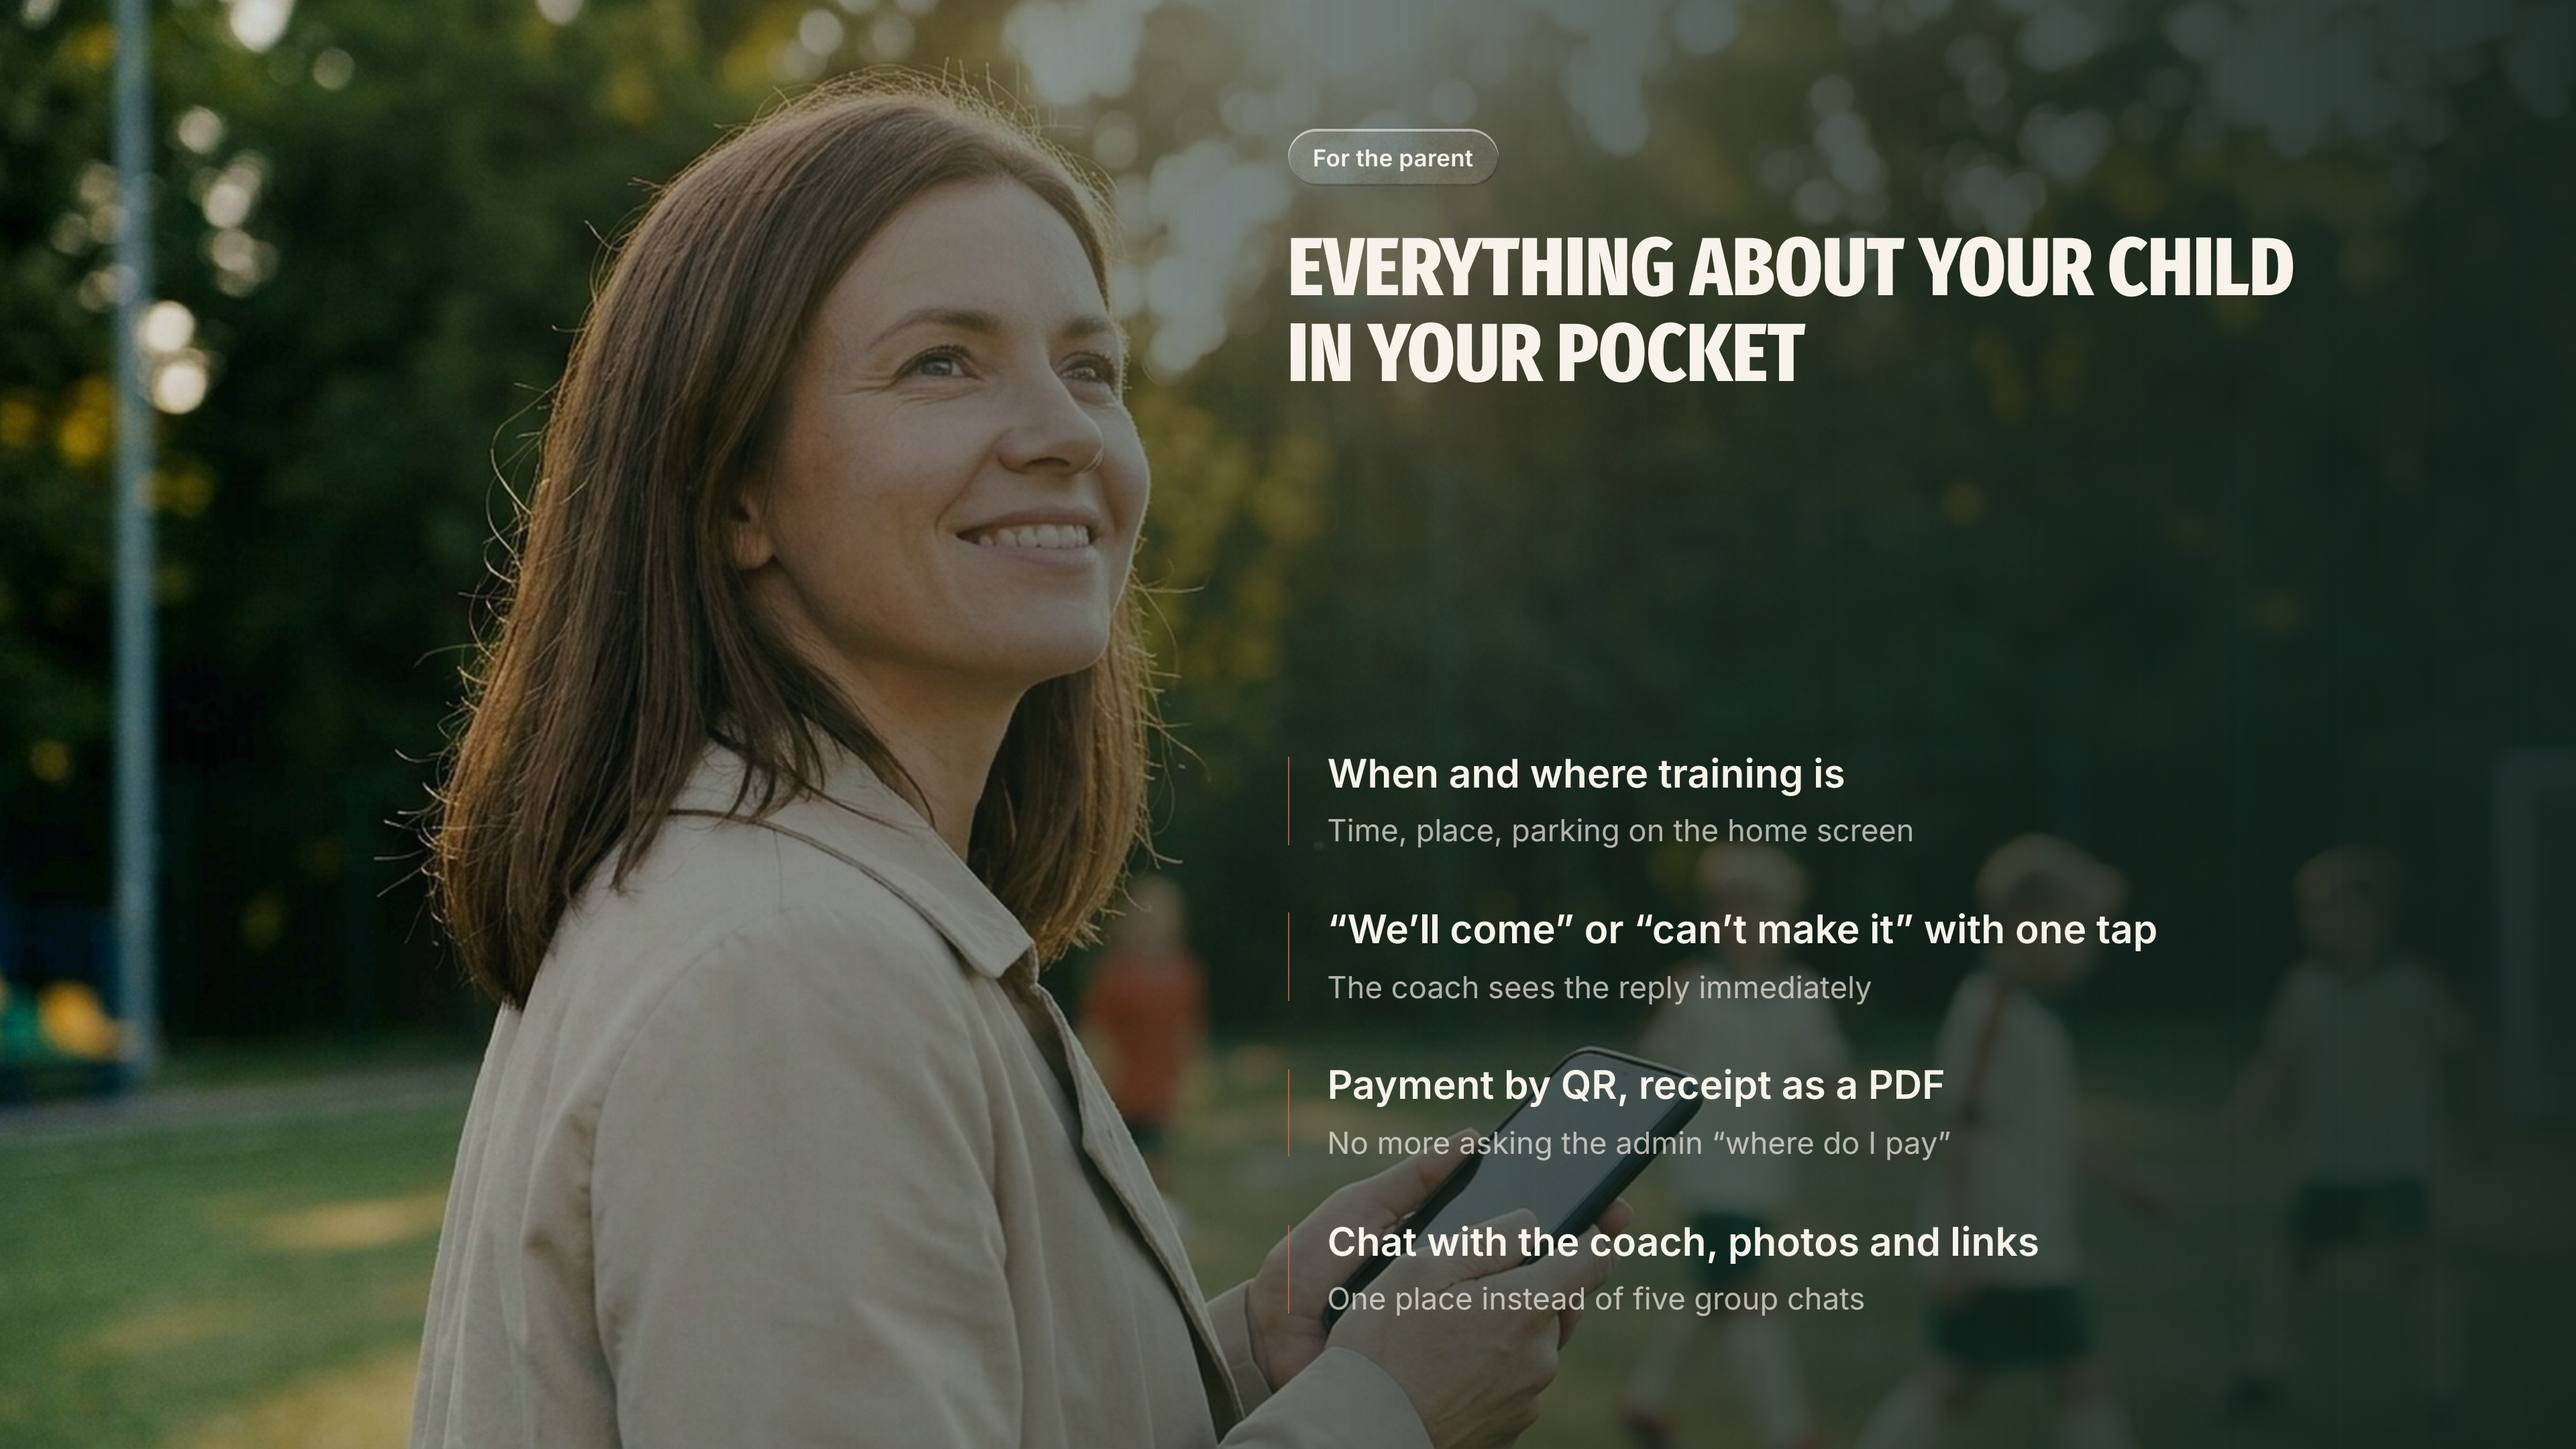

Score, goals and cards after the match

Parents are notified automatically

Moved a training, and everyone knows

Those who confirmed must confirm again, declines stay

For the parent

EVERYTHING ABOUT YOUR CHILD IN YOUR POCKET

When and where training is

Time, place, parking on the home screen

“We’ll come” or “can’t make it” with one tap

The coach sees the reply immediately

Payment by QR, receipt as a PDF

No more asking the admin “where do I pay”

Chat with the coach, photos and links

One place instead of five group chats

Example calculation · estimate

4.5 H

a month the admin spends on manual invoices alone. Club: 6 teams, 90 players.

Calculation: 90 invoices at 3 minutes each. This is an assumption; real figures depend on the club. Reminders to late payers and bank reconciliation are not included.

What it costs a club

ONE PLAN FOR THE WHOLE CLUB

Small Club

€49

a month · up to 3 teams

- Three interfaces: admin, coach, parent
- Schedule, tournaments, events
- Invoices and payment by IBAN

Club Pro

Main plan

€99

a month · up to 10 teams

- Everything in Small Club
- Automatic invoices for membership and tournaments
- Reports: Excel and overdue list
- Chat with photos, player statistics

Academy

€199

a month · up to 25 teams

- Everything in Club Pro
- Higher limits
- Extended permissions
- Priority support

Per child

ABOUT A EURO A MONTH PER PLAYER

Based on 15 players per team with the plan fully used. With a €40 monthly fee (an example) this is under 3% of the fee.

How we start

LET’S START WITH ONE TEAM

1 **Setup.** Club, IBAN details, team, coach.

2 **Parents.** We invite them with the club code, the coach confirms the players.

3 **First month.** Trainings, attendance and the first invoices in the app.

4 **Decision.** We look at the numbers and decide about the other teams.

Pilot terms are agreed individually.

LET’S SHOW IT ON YOUR TEAM

One team, one month. The admin will see for themselves how much time has been freed.
